

VIEWSHED #2

Viewpoint is from the perimeter sidewalk of Columbia Plaza, looking east-southeast along the northern edge of E Street.

Existing view includes Columbia Plaza and the E Street retaining wall north of the Potomac Naval Annex. Portions of the ramp from E Street to the Potomac Freeway and of the E Street Expressway are visible.

Alternative 4

The Alternative 4 overlay shows E Street decked from 23rd Street.

- Views to the Potomac Naval Annex are preserved.
- View of the ramp from E Street to the Potomac Freeway and of the E Street Expressway is obscured by the deck.

Minor negative impact: Because of the decking of E Street. However, streetscape features such as parapet walls and street trees would greatly improve the space for pedestrian use.

Alternative 4V

The Alternative 4V overlay shows E Street decked from 23rd Street.

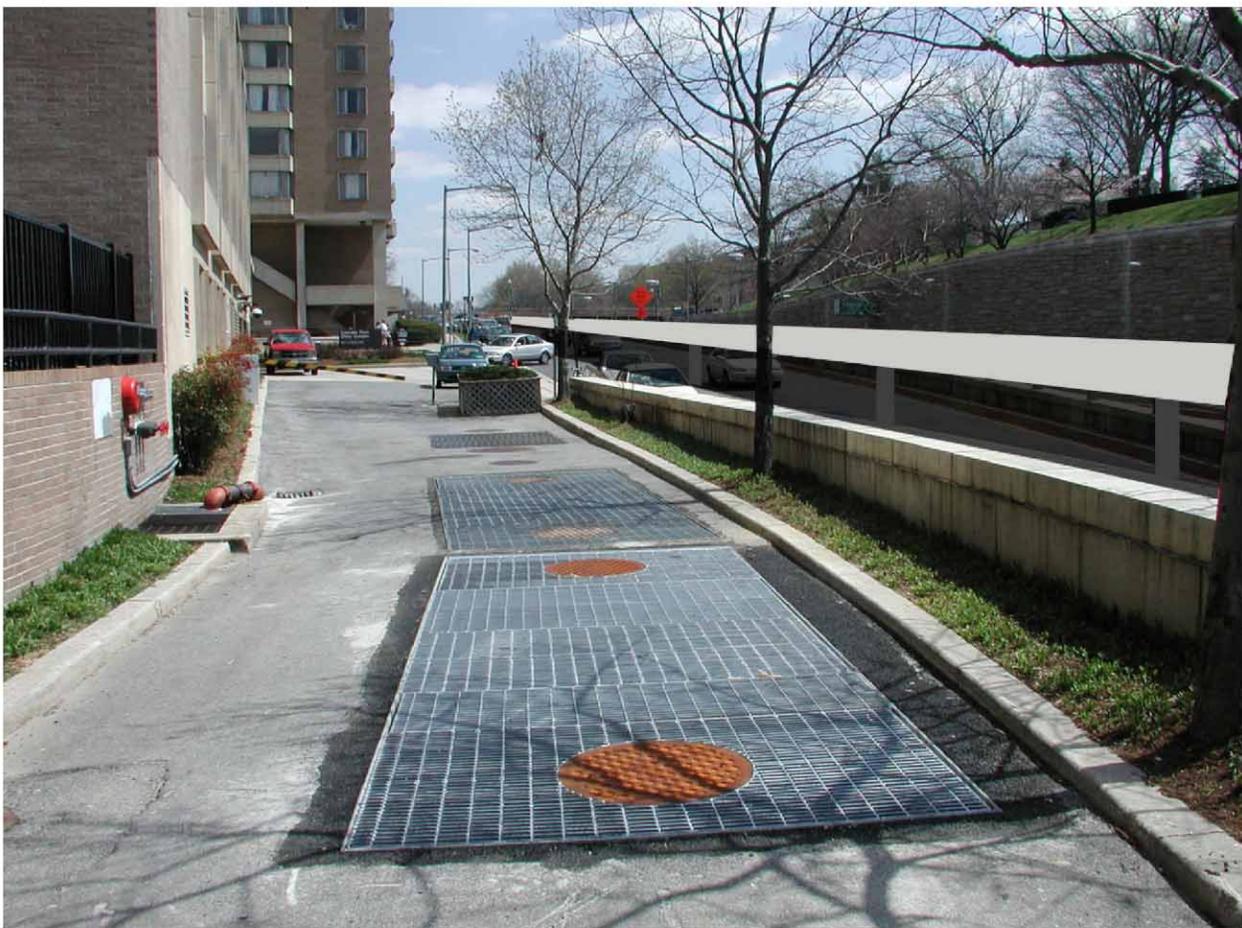

- Views to the Potomac Naval Annex are preserved.
- View of the ramp from E Street to the Potomac Freeway and of the E Street Expressway is obscured by the landscaped deck.

Minor negative impact: Because of the decking of E Street. However, streetscape features such as parapet walls and street trees would greatly improve the space for pedestrian use.
